

Hurricane Sally
Updated September 14, 2020 at 5:00 PM

To our customers,

Based on the [National Hurricane Center's](#) 5:00 pm update today, we anticipate the following:

- There will be no deliveries **east of Slidell, LA** on Tuesday . This includes the major service areas of Mississippi and Alabama. We currently anticipate resuming normal operations to these areas on Wednesday and will provide updates accordingly.
- **We will have normal operations in all other areas including Slidell, the greater New Orleans area and south to Houma/Thibodeaux.**

For any questions or emergency service requests please contact our Customer Service department at (800) 349-1583 or contact your salesperson. Thank you for your patience as we work through the changing weather conditions as well as for your understanding as we balance our desire to service our customers exceptionally well with the desire to do so safely.

I hope your businesses and your teams remain safe through the storm.

Darin Arceneaux
President
