In-Stock Guidelines:

1. Specialty produce generally has limited movement and therefore generally smaller amounts of inventory. If there is an occasion where there is a need for an unusually large quantity of any item, a call to our Director of Specialty Foods, Mike Doss, at (225) 408-3538 would be appreciated. This will ensure adequate inventory for your needs as well as for the routine needs of other customers.

Special Order Guidelines:

1. Items are sourced mostly from Los Angeles, CA and delivered via truck, as such, timely ordering is important.
2. Special order items have order lead times of up to seven days from order date to delivery to customer, depending on order date.
 - a. Items ordered Friday through Monday by 10:00 am will deliver to customers by the following Saturday.
 - b. Items ordered Tuesday through Thursday by 10:00 am will deliver to customers by the following Tuesday.
3. Items can be delivered via next day air as well, provided orders are received by 10:00 a.m. the day prior.
4. We have access to almost any specialty produce item. If you do not see an item on the list please call our primary contact, Director of Specialty Foods, Mike Doss, who can be reached at (225) 408-3538.
